

## **Who is Aianna?**

Aianna is an internet telephony service provider located in Los Angeles, California. Aianna was created in 2000 and is one of the pioneers of the concept of private label VoIP Services by introducing the first Turn-Key VoIP reseller program.

Through our international network of integrators, service providers, value added resellers and affiliates in over 150 countries; Aianna offers a portfolio of feature rich SIP / H323 based IP communication services. The Aianna platform provides a suite of tools designed to enable the branded re-packaging of our services while maintaining a high level of quality and availability through our world-class infrastructure.

Aianna launched in 2000 and is widely recognized as the industry leader in enabling those interested in entering the dynamic IP communication marketplace.

Aianna offers you the ability to start offering your own telecommunications services using VoIP, fast and easy...we do what other providers won't and have the quality, experience and support to back it up. We offer everything you need including plans, devices and support.

How to get started? Contact our sales department immediately, remember with Aianna you are in control.

Start reselling Aianna services now, contact us immediately at:
